

Building Standards Workshop

Promoting construction of safe, healthy, habitable buildings

Energy Code Workshops

The National Energy Code for Buildings 2017 (NECB 2017) and the National Building Code 2015 (NBC 2015) Section 9.36. have been in effect since January 1, 2019. The Building Standards and Licensing Branch will host workshops in Regina and Saskatoon. These one half-day workshops will provide information on the NECB 2017 and NBC 2015 Section 9.36.

Included will be: an overview of NECB 2017 requirements for building envelope; lighting; heating, ventilation, and air conditioning (HVAC) systems; service water systems and electrical power systems; and an overview of the NBC 2015 Section 9.36. requirements for building envelope, HVAC systems and service water systems.

Information will be provided related to the administration and practical application of the energy requirements.
